ABOUT ME

I am a dedicated and driven individual with a strong academic foundation and a passion for continuous learning. After completing my Higher Secondary Certificate exam in 2022, I have been actively expanding my skill set by learning programming languages such as C, C++, Python, JavaScript, and PHP. My commitment to excellence and adaptability has enabled me to thrive in dynamic environments, and I am eager to apply these skills in a professional setting.
In my career, I have gained valuable experience at Fly Away International, where I demonstrated expertise in counseling students about studying abroad, collaborating with universities, and participating in seminars. These experiences have honed my problem-solving abilities, ethical decision-making, and teamwork skills, allowing me to contribute meaningfully to my organization. I am passionate about leveraging my technical and interpersonal skills to drive impactful solutions in the field of technology and beyond.
Looking ahead, I am deeply committed to continuous skill development and future learning. My passion for programming, problem-solving, and creative solutions fuels my desire to explore emerging technologies and contribute to innovative projects. I aim to further enhance my expertise in software development, data analysis, and artificial intelligence, aligning my career with the evolving demands of the tech industry.
Beyond my professional aspirations, I value relationships, embrace challenges, and remain committed to achieving my goals while inspiring those around me. Whether through personal projects, volunteering, or professional growth, I strive to make a meaningful impact in areas that matter to me. My experiences have shaped me into a well-rounded individual, balancing technical proficiency with a genuine enthusiasm for lifelong learning and growth.

WORK EXPERIENCE

01/08/2024 – CURRENT Bangladesh
COUNTRY MANAGER (BANGLADESH) FLY AWAY INTERNATIONAL

- Single-handedly manage all Bangladesh operations for the consultancy, acting as the primary liaison between international universities, banking partners, and 300+ students annually, ensuring seamless end-to-end service delivery.
- Collaborate directly with 15+ global universities to streamline admissions, visa processes, and scholarship opportunities, increasing student enrollment rates by 100% since 2024.
- Oversee financial operations with partner banks, resolving complex documentation issues and reducing payment processing delays by 7 days through improved workflow coordination.
- Provide personalized counseling to students, guiding them on university selection, visa applications, and career pathways, achieving a 95% client satisfaction rate and a 30% increase in referral-based enrollments.
- Troubleshoot critical challenges by liaising with embassies and academic institutions, recovering 90% of at-risk applications through proactive resolution strategies.
- Maintain a centralized database of 200+ student records, ensuring GDPR-compliant data management and real-time reporting for stakeholders using various types of software's and tools.
- Design and conduct pre-departure workshops on cultural adaptation and academic success, equipping 150+ students annually with actionable strategies for overseas transitions.

01/12/2022 – 29/02/2024 Dhaka, Bangladesh
FRONTEND WEB DEVELOPER REPLIQ LIMITED

- Developed and maintained responsive web applications using **React.js** and **Next.js**, leveraging server-side rendering (SSR) and static site generation (SSG) to optimize performance and SEO.
- Implemented modern UI components with **Tailwind CSS**, ensuring consistent styling and mobile-first responsiveness across multiple projects.
- Streamlined form management and validation workflows using **Formik**, improving user experience and reducing form-related bugs.
- Integrated RESTful APIs and third-party services using **Axios**, enabling seamless data fetching and real-time updates for dynamic applications.
- Collaborated with cross-functional teams (designers, backend developers) to translate wireframes and user stories into functional, high-quality code.
- Followed best practices in code versioning (Git), component reusability, and performance optimization to deliver maintainable and scalable solutions.
